Moose Jaw and Winnipeg

Introductory

The present volume constitutes the 1941 edition of Henderson's Directory of Moose Jaw. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 27 to 58 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 59 to 108; in this feature the names of all streets and avenues are arranged numerically and alphabetically, giving the location, number of the street and showing the occupant.

The intersecting streets are shown in the order that they come.

♦ Denotes that the tenant of the house is the owner.

* Denotes there is a telephone in the house.

THE ALPHABETICAL LISTS OF NAMES of citizens, business firms and corporations covers pages 109 to 332.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 333 to 362, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING MOOSE JAW

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Moose Jaw, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

HENDERSON DIRECTORIES LIMITED.

September, 10th, 1941.

City of Moose Jaw

LOCATION

Moose Jaw is located in the geographical centre (east-west) of the province of Saskatchewan about 375 miles by air from Winnipeg on the east and Calgary on the west; 718 miles from Minneapolis, and about 100 miles north from the international boundary.

ELEVATION AND AREA

The city lies in the sheltered valley of the confluence of the Moose Jaw and Thunder Creeks, at an elevation varying from 1,778 feet to 1,840 feet above sea level. The area within the city limits is 9,760 acres of which 2,206 acres is well built up, and 1,977 acres is suburban.

HISTORY

Moose Jaw takes its name from the Moose Jaw Creek which flows through the city of Moose Jaw, and which was reached by Captain Palliser on his western exploration expedition on the 16th September, 1857. The first settlers began to arrive in the spring of 1882, and the Canadian Pacific Railway reached Moose Jaw in the fall of the same year. The Post Office was opened on June 1st, 1883. It became incorporated as a town on the 13th of February 1884, and was raised to the status of a city on the 20th November, 1903.

POPULATION

According to the 1936 Dominion census returns, Moose Jaw's population is 19,805 as compared with 21,300 in 1931. Moose Jaw is the most British City in the three Prairie Provinces, the 1936 census disclosing the fact that over 89.1% of its population was born within the British Empire.

MUNICIPAL

The total debenture debt of the city including schools at the end of 1940 was \$6,343,439. Almost the whole debenture debt of the city is on the sinking fund plan, and a body of sinking fund trustees, three in number, have charge of the city's sinking fund investments, which amount to \$3,255,741, leaving a net debt including schools of \$3,087,698.

The tax rate for 1941 is 49.50 mills made up as follows: Municipal 29.25, Public Schools 11.0, High Schools 6.25, Public Library 0.75 and a Provincial levy of 2.25 mills.

The tax levy for 1941 for municipal purposes (including local improvements) is \$470,089, and for schools \$246,982. The total tax levy amounts to \$760,218.

The city's taxable assessment is \$14,382,190. Land is assessed at 100% of its value and improvements at 50%.

MARKETS

Moose Jaw is the centre of and serves a well settled and generally prosperous agricultural territory, having an area of 15,117 square miles and a population of 110,111 with 17,495 farms. Important industrial plants such as sodium sulphate, brick and fire clay, and coal mines, one located within 30 miles of the city. The territory adjacent to the city contains 7 towns, 56 villages and many hamlets. The established industries in and near the city have developed important markets not only in this district, but in eastern and western Canada and in Europe and the Orient.

TRANSPORTATION

RAILWAYS—The city is the grand divisional point for the Province of Saskatchewan of the Canadian Pacific Railway and a subdivisional point on the Canadian National Railways as well as the terminus of the Soo Line running to Minneapolis, St. Paul and Chicago. Nine railway lines radiate directly from the city and the railway trackage in the city amounts to over 70 miles.

AIRWAYS—The city has a municipal air field and air customs harbor, 300 acres in extent, as well as the necessary hangar facilities and all-night beacon service.

The city is the headquarters of the Prairie Airways Limited who maintain a daily passenger and air mail service to Regina, Saskatoon, Prince Albert and North Battleford.

HIGHWAYS—The city is located at the intersection of the three great all-weather highways of the province and forms an excellent base for tourists desiring to visit the many parks, lakes, and other places of interest throughout the province. No. 1 Trans-Canada Highway, taking the traveller across the province from Manitoba to Alberta; No. 2, the highway from the United States boundary to Prince Albert National Park; and No. 39, following the Soo Line Railway, terminating in Moose Jaw and forming a short direct connection from the city to the Great Plains Highway from North Dakota to Mexico.

INDUSTRIES

Moose Jaw is the largest industrial city in the Province of Saskatchewan. The gross value of its manufactured products for the year 1938 being \$16,077,479.

The staple industries of Moose Jaw are in a very large measure based on the natural products of the area tributary to it. In addition, to the large repair shops and yards of the Canadian Pacific Railway, there is the large plant of the Robin Hood Mills with a daily capacity of 3,750 barrels of flour, 1,200 barrels of rolled oats, and an elevator capacity of 1,750,000 bushels; the Dominion Government Interior Storage Elevator—capacity 5½ million bushels; and the splendid new plant of the Saskatchewan Seed Growers, 16 storeys in height and from which is sent out pedigree seed all over the world.

The British American Oil Company are now operating a modern Oil Refinery with a capacity of 4,000 barrels per day.

The Swift Canadian Company operate a large packing plant with a capacity for 270 cattle and 750 hogs daily; and the Canada Packers Ltd. operates a smaller plant.

The Southern Saskatchewan Co-operative Stock Yards are the second largest in Canada, west of Winnipeg, and have a yard capacity for 7,000 cattle, 3,000 hogs and 10,000 sheep.

There are four important creameries, millworks, foundry, a bag factory and a large number of other industries.

EDUCATIONAL FACILITIES

The educational facilities are excellent. The number of pupils attending public schools in the beginning of this year was 3,061 and attending high schools 1,502. There are 10 public schools, 2 colleges or high schools, 2 commercial business colleges, 2 residential colleges, 1 normal training school for teachers and 1 technical school.

The courses taught in the public and high schools cover the eight grades of public schools course of study, as well as a kindergarten, and the four grades of high school course of study.

Students may take training for 1st and 2nd class teacher's diploma or matriculation into any university in Canada. They may also get instruction for the 1st and 2nd years of the B.A., and this only requires two more years to get an arts degree. Pre-vocational work is taught in both public and high schools and the technical training aids greatly in this work.

CHURCHES

There are many fine churches in the city, notably St. Andrews United Church, which has the largest auditorium in Western Canada, the Zion United, St. John's Anglican, St. Joseph R. C., Knox Presbyterian, Baptist, Salvation Army, Christian Science, etc.

The Y.M.C.A. and Y.W.C.A. have well equipped buildings in Moose Jaw and the work of these organizations is organized under capable and efficient management.

HOSPITALS

The city has two splendidly equipped and thoroughly modern hospitals, the City General with 188 beds, and the Providence with 130 beds.

PARKS AND RECREATION

Moose Jaw is pre-eminently a city of good homes and beautiful parks. There are six public parks in the city, varying in extent from 76 to 4 acres, as well as a number of smaller parks, six playgrounds from 1 to 5 acres in extent. River Park, 110 acres in extent, is a natural park, heavily wooded with maple, ash, elm, and many other trees, through which runs the Moose Jaw River. In this park will be found the tourist camp, bathing beach and public playgrounds for children. Crescent Park, in the heart of the city, is 28 acres in extent.

In it are located the public library, the city and district war memorial and hot mineral baths. The floral displays in the grounds are the delight of all lovers of flowers, and the Rock Gardens with the "Serpentine" Lake are attracting visitors from all parts of Canada.

There are two 18-hole golf courses, a number of tennis courts, and three badminton courts. Boating is a healthful recreation on the Moose Jaw River, and numerous bathing places are also found on the river.

POWER

Electric light and power is supplied by the National Light & Power Company Limited. The capacity of the plant at the present time is 21,000 kilowatts. The Company serves no less than seventy-eight surrounding towns and villages with electrical energy from its Moose Jaw plant, over the distribution lines of the Montreal Engineering Company and the Saskatchewan Power Commission.

WATER SUPPLY

Moose Jaw now secures its water supply from the South Saskatchewan River through a canal 70 miles in length and with a capacity of 10 million gallons per day.

The capacity of the pumps at the river is 15 million gallons per day, and in the city, 3 million gallons daily. As the city's present consumption of water is only one million gallons daily, this new supply will treble the existing demand, and that of a quality softer than any other public water supply south of the Saskatchewan River.

FIRE PROTECTION

The city has a fully motorized fire fighting equipment with a full time fire department on the two platoon system. There are 380 fire hydrants on the water main within the city and a pressure of 60 pounds to the square inch is maintained on the mains at all times. In addition to this fire protection, the business section of the city is further protected by a high pressure water supply system which was installed in 1915 for added fire protection in the business section of the city. There are over four miles of high pressure water mains and 68 fire hydrants. The water is pumped into this system by a two-staged centrifugal pump, directly connected to a steam turbine. The pump has a capacity of 3,000 gallons per minute at 125 pounds pressure.

The basic fire insurance rate in dwellings is 60c per \$100.00 subject to a 25 per cent discount on triennial rating. The mercantile hazards located on the high pressure system are subject to a .05c reduction.

PAVING

The main business and residential streets of the City are paved with asphalt.

GENERAL

Moose Jaw has one commercial radio station CHAB, operated by CHAB Limited. Studios are situated in Grant Hall Hotel.

Transportation is in the hands of the Moose Jaw Transportation Co. who have a system of Motor Buses plying in the principal thoroughfares.

MOOSE JAW WILD ANIMAL SOCIETY

Aims and Objects of the Society

To preserve in its natural beauty one of the most picturesque valleys in Southern Saskatchewan.

To create and develop a more intense desire for the preservation of the animal, tree and bird life of our country.

To establish here on the prairie an animal and bird sanctuary, featuring as much as possible an orphanage for young wild animals rescued from forest fires, and in so doing to illustrate the destruction often caused by the carelessly thrown cigarettes, etc., often burning millions of dollars worth of valuable timber and burning to death wild animals, or separating them from their young, which in many cases starve to death.

To reproduce the actual scenes as the early settlers saw them. Wild animals roaming on the hills and in the valleys, making it possible for both young and old to enjoy the sights without having to travel great distances to a National Park. It is also our desire to let every animal in our care have as much freedom as possible, and we hesitate to pen any animal.

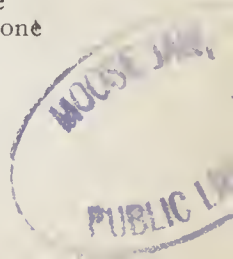

To invite and encourage all who are interested in this line of work to join our Society, but not under any circumstances to press anyone to join, as the best interests of the Society can be accomplished by having members whose heart is in the undertaking.

To have as our ideal: "He profits most who serves best." All money collected is spent in wages, feed and general development and not a penny is paid to any member of the Park Society for services rendered.

Business Insurance

The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business

**Make
yourself
easy to find**

HOUSE 14W
PUBLIC LIBRARY

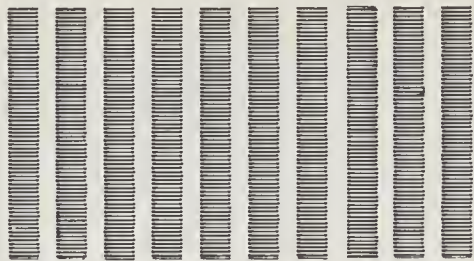

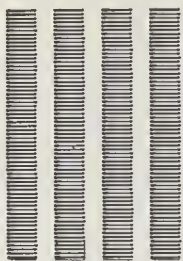

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?

HENDERSON DIRECTORIES LIMITED

4 in 10

Over forty per cent. of
your customers move
each year and new
ones move into your
district. An advertise-
ment in the City Direc-
tory will enable new
customers in your dis-
trict to find you

Henderson's

Moose Jaw

Street and Avenue Directory

1941

1st Ave. N. E.

HENDERSON'S (1941) MOOSE JAW

1st Ave. N. E. 59

SPECIAL NOTICE

◆—The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

*—This Symbol indicates that a telephone is located at this number on the street.

This new Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house personal canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be very accurate and complete, as far as it has been possible for us to get the information personally from someone at each residence. Where occupants have been absent the "owner" information has been left out.
